

## BEGIN CAMPAIGN TO ORGANIZE IRON AND STEEL WORKERS

Unemployment Will  
Not Make Any  
Difference

### WILL NOT DISCUSS THE OPEN SHOP

(By The Associated Press)  
WASHINGTON, Jan. 14.—Representatives of the International and National Unions in the steel industry at a meeting here today decided to launch a new campaign to organize iron and steel workers throughout the country. Unemployment and present industrial conditions it was announced, would not interfere or cause a postponement of the new steel unionization plans. Decision was also reached to begin preparation at once to combat any effort by the United States Steel corporation to reduce the present standard of wages in the steel mills.

While no definite date for the new campaign was decided upon, the committee was said to expect to begin its work in the early spring. The campaign will be conducted by a new committee to be officially known as the executive council of national and international organizations in the steel industry affiliated with the American Federation of Labor. This committee replaces the national committee for organizing iron and steel workers which conducted the great steel strike of last year.

**Fourteen Unions in Campaign.**  
Approximately fourteen national and international unions will participate in the new campaign and are represented by the executive council as against more than twenty which were involved in the last strike. All organizations not actually interested in the steel industry, it was announced, have been eliminated from activity in the new movement, although they will back it with their moral support.

M. J. Tighe of Pittsburgh, president of the Amalgamated Association of Iron, Steel and Tin Workers, was elected permanent chairman of the council, and William Hannon of Chicago, general executive board member of the International Association of Machinists was made secretary and treasurer. Hannon who was formerly of San Francisco, is also a former vice-president of the machinists organization.

Industrial conditions throughout the country were thoroughly discussed by the committee today. Hannon said and it was unanimously decided that the new campaign should be launched without any further waste of time.

"We believe the present conditions will be of short duration," he added, "and will be no bar to our activities."

While the testimony given before the joint executive committee investigating the building trust in New York, regarding the "open shop" activities of the steel companies was discussed, Hannon said the committee decided not to take cognizance of the matter at this time, but would deal with any situation that should develop.

**Fight Wage Reduction.**  
Reports have reached us that the United States Steel corporation is going to reduce wages, he continued and the committee was of the unanimous decision that any such action would be vigorously contested and decided to take such action as may be necessary to meet such a move.

Mr. Hannon declared it was not the intention of the council to conduct strikes but only to participate in legitimate organizing work in the steel plants, locating its headquarters either in Pittsburgh or Chicago.

Frank Morrison, secretary of the American Federation of Labor, attended the meeting and announced

## THOUSANDS GREET BALLOONISTS ON ARRIVAL HOME

Big Parade Held With Aviators As the Main Attraction

### HERO STUFF ALL BUNK—KLOOR

(By The Associated Press)  
ROCKAWAY, N. Y., Jan. 14.—All the commuters, the suburbanites and the plain home folks who make up this community turned out in the cold and rain today to welcome the three naval balloonists, whose experiences in air and amid frozen forests, have thrilled a continent since they sailed from here a month ago.

School children deserted their text books, business men their desks and housewives their kitchens—and all of them ignored precautions against pneumonia to see Lieutenant Kloor, Farrell and Hinton.

**Officers Ride in Downpour.**  
Three noisy bands scattered joyful tunes among the millions of rain drops that drenched a long parade, which followed the balloonists from the railroad to the air station, six miles away. The three officers rode thru the downpour and into a forty-mile wind in an open automobile cheered every inch of the way with the fervor crowds give to returning victors in war.

Behind them rode the wives of Lieutenants Farrell and Hinton and the wives of Lieutenant Kloor. They had met the balloonists before they reached New York City.

Camera men and motion picture photographers clicked and cranked their synthetic eyes continually.

Lieutenant Kloor gave out the following:

### WHAT IS GREATER THAN MOTHER LOVE?

Ohio Woman Dies Beside Two Boys When She Finds They Cannot be Saved—Burn to Death in Home.

CHADRON, O., Jan. 14.—Mrs. Louise Green, 38, and her two boys, aged three and six, were burned to death when their little two room house was destroyed by fire on the outskirts of Chadron tonight. When Mrs. Green saw that her children could not be saved, she refused to be rescued.

How the fire started probably never will be known because when Mrs. Green rushed out of her home to give the alarm, she merely cried that her children were being burned up. Then she ran back into the house and threw herself on the bed beside her boys. A would-be rescuer, looking thru the window, saw the mother on the bed reached thru the window and started to drag her to safety, but she drew back her arm.

Mrs. Green's husband died two weeks ago.

### VAL BLATZ TAKES OVER JUNG COMPANY

MILWAUKEE, Wis., Jan. 14.—The Jung Brewing company has disposed of its trade to the Valentine Blatz Brewing company, according to a statement made by Ernst Jung today. The Jung Brewing company was established in 1878 by Philipp Jung Borchert in 1878. Philipp Jung took over the entire company in 1896. The company enjoyed a wide trade thruout the north-west, with branch offices in Chicago and Minneapolis.

ed that he held between \$70,000 and \$75,000 left over after all debts and obligations of the old company had been paid. This money, it was said, will be turned over to the council within the next few weeks and will be used to finance the opening of the campaign. Considerable correspondence and routine matter left over by the old committee was officially taken over by the council.

## LEONARD DEFEATS RICHIE MITCHELL IN SIXTH ROUND

Four Knockdowns are  
Scored in Opening  
Round

### CHALLENGER WORTHY FOE

(By The Associated Press)  
MADISON SQUARE GARDEN, New York, Jan. 14.—In a spectacular bout which was stopped by the referee in the sixth round at Madison Square Garden tonight, Benny Leonard, world's light weight champion scored a technical knockout over Richie Mitchell of Milwaukee, who, despite his defeat proved himself a worthy challenger. The bout was the main attraction at a benefit given by the American Committee for Devastated France.

In the opening round Leonard knocked his opponent down three times and injured Richie's right eye so badly that it was useless to the game western lad the remainder of the bout.

However, toward the end of the initial round, Richie surprised the champion and in fact the entire house by hooking a terrific left to Leonard's jaw which sent the champion down on his back. Leonard arose slowly and, remaining on one knee waved his hand to his manager and seconds, indicating that his head was clear and that he was uninjured.

From this to the beginning of the sixth round Leonard had the advantage. In every session but many close observers believed that Leonard had not virtually blinded Richie's eye in the opening round the Milwaukee lad would have given him the fight of his career.

**Richie Comes Up Game.**  
In the sixth round Richie came up as game as a pebble and tried his best to land a solid blow but Leonard's blocking and foot work were almost perfect in this round. Leonard's attack in this round was fierce and he simply battered his opponent on his feet. He sent Richie to the floor three times and was ready to put over a finishing punch when Referee Haukop intervened and saved Mitchell from further punishment.

The men weighed in at 2 p. m. at 134 pounds, one pound under stipulated weight. Both looked trained to the bone and each expressed his confidence while they were being prepared for the ring.

**FIRST ROUND:** After feinting and fiddling for a couple of seconds, Leonard hooked his left to the jaw for a count of three. Leonard stepped back smiling and when Mitchell came up again Leonard sent him down with a right to the jaw this time for a count of four. Then he knocked Mitchell down for a third time with a left to the face and a right to the head. Mitchell stayed down for the full count of nine. When Richie got on his feet he rushed at Benny and hooked a left to the jaw sending the champion down for a count of nine Leonard staying on one knee and waving his hand to his seconds.

## UNITED STATES WILL MAKE INVESTIGATION OF LANGDON KILLING

Officials Await Findings of the Naval Court

### JAPS WILL ALSO INVESTIGATE

(By The Associated Press)  
WASHINGTON, Jan. 14.—Despite Japanese assurances of regret and precautions to prevent a recurrence, a thorough investigation will be made by the United States government of the killing of Lieutenant W. H. Langdon, American naval officer at Vladivostok by a Japanese sentry.

Admiral Gleaves, commander in chief of the Asiatic Fleet, reported to the navy department today from Manila that he had appointed a court of inquiry to investigate the circumstances surrounding the death of Lieutenant Langdon, and added that he with members of the court, would leave Manila next Thursday aboard his flagship, the troop transport Huron, for Vladivostok.

Officials here in the meantime will wait the findings of the naval court and an answer to the note dispatched last night by the state department to the Japanese government. The note requested an official explanation of the affair and suggested that the Japanese government make adequate reparation for the killing of Lieutenant Langdon.

### Japanese Send Note

Renewed assurances of regret over the affair came today from the Japanese government in a note transmitted to the state department thru Baron Shidehara, the Japanese ambassador. Admiral Gleaves reported that the Japanese authorities had informed the commanding officers of the Cruiser Albany to which Lieutenant Langdon was attached, that they also would convene a court of investigation.

The note transmitted to Tokyo last night was more comprehensive than a mere inquiry into the killing of Lieutenant Langdon. It is said to have reminded the foreign office at Tokyo that this was not the first unpleasant encounter between Japanese and Americans and to have alleged that in a majority of the cases according to information reaching the state department the Japanese appear to have been the aggressors.

It was understood that the Japanese government would take steps to offer an indemnity for the dead officers dependents as is the custom among nations in such affairs.

### Secretary of the Navy Daniels

said today that he did not know of any law that would provide financial relief for Lieutenant Langdon's family unless the officer had a war risk insurance policy.

### LORD MAYOR OF CORK FINISHES TESTIMONY

Accomplishes Purpose for Which He Came to America—Peter MacSwiney Follows Him on the Stand.

(By The Associated Press)

## AMENDMENTS ARE TACKLED ON THE TARIFF MEASURE

Some Favor Reviving  
Dingley or Payne-  
Aldrich Bills

### ASSERT RATES WOULD BE AN EMBARGO

(By The Associated Press)  
WASHINGTON, Jan. 14.—Three amendments were tackled on the Fordney emergency tariff bill by the senate finance committee today in its first day's consideration in executive session after the recent public hearings of the measure. After the committee had voted ten to four to open the bill to amendments, Senators Calder, Republican of New York and Jones, Democrat of New Mexico got provisions thru which materially broadened the scope of the measure and Senator McCumber, Republican of North Dakota obtained acceptance of a higher import duty on wheat.

The McCumber amendment would fix a tariff on imported wheat of forty cents a bushel instead of thirty cents carried by the bill as it passed the house. Senator Calder's amendment would add duty products to the list already protected establishing a tariff of six cents a pound on butter and cheese and their substitutes and two cents and five cents a gallon on fresh milk and cream respectively. Under the Jones amendment the import duty on hides carried in the Dingley tariff would be restored as a part of the Fordney measure for the ten months of its life.

### Would Delay Action.

While the senate committee was considering the emergency bill indications developed in the house ways and means committee of a sentiment among some members to delay framing a new permanent tariff until international conditions become more stable.

In this connection the suggestion was made privately by several members of the House committee that a revival of either the Dingley or the Payne-Aldrich laws should be resorted to as a stop-gap expedient.

But there also was stray evidence that the majority members will not support rates higher than and possibly not as high as the Payne-Aldrich tariff provided.

Representative Longworth, Republican, Ohio, asked several witnesses if the committee could safely base the rates to be placed in the revised law on the present American production cost. He also inquired, if in their opinion the committee could at this time devise tariff schedules which would operate effectively a few years hence considering the present international exchange situation.

### Rates Would Be an Embargo.

Democratic members of the committee were quickly to reply and Representative Garner of Texas, personally accused the majority of being ready to grant the import rates which would serve as an embargo. Chairman Fordney interrupted to ask William Loeb, Jr., formerly secretary to President Roosevelt and a witness before the committee whether he had not "lived long enough to know that the Republican party never had passed a tariff which amounted to embargo."

Before Mr. Loeb could more than nod assent Representative Young, Republican, North Dakota, added:

"You also have lived long enough to see the Republican party go out of office by passing a tariff bill which was not readjusted to meet conditions."

Members of the federal tariff commission were with the senate committee during out of its deliberation. It submitted at the request of Chairman Penrose, the results of its investigation of the wool growing industry for use when the wool rate is considered by the committee.

## WILL DONATE CORN TO FEED STARVING PEOPLE OF WORLD

Farmers Ready to Furnish  
All the Corn  
Needed

### PEOPLE TO TRANSPORT IT

(By The Associated Press)  
CHICAGO, Jan. 14.—The farmers of America stand ready to donate enough corn to feed the starving people of the world if the people of the cities and towns will transport it to the mouths of the starving. J. R. Howard, president of the American Farm Bureau Federation declared here today in an address before the Illinois Agricultural association.

The announcement was met with enthusiasm by the 300 delegates, and following Mr. Howard's address, representatives from 47 counties in Illinois jumped to their feet with offers of from one to three cars of corn. Within ten minutes more than 65,000 bushels of corn was volunteered for relief. Declaring that the American market was congested while people in Europe and China were starving, Mr. Howard proposed that corn be donated for shipment to the hungry peoples of the world thru the American relief associations.

Mr. Howard declared he had advice from many states assuring him that the farmers would be willing to donate liberally. The matter has been taken up with Herbert Hoover, chairman of European relief activities, Mr. Howard said and their adoption assured.

"We will furnish any amount the committee can use," Mr. Howard said after the meeting. "If we want 10,000,000 bushels we will get it. If they want 25,000,000 bushels, we'll get that."

### CONDITIONS IN GERMANY AFFECT EUROPEAN BUSINESS

Must Settle Indemnity Before Better Times Come

### IS OPINION OF NEW YORK BANKER

(By The Associated Press)  
CHICAGO, Jan. 14.—An early settlement of the German indemnity question is necessary as a preliminary to a turn for the better in European business conditions, Gerhard M. Dahl, New York banker said tonight in an address before the Illinois Bankers' association. The condition of European business, he said, was the most important single factor in America's domestic situation.

"Our business fortunes are in a large measure tied up with those of Europe," said Mr. Dahl. "Our industrial life depends upon a balanced world equilibrium. It is necessary that Europe should make international readjustments hanging over the size of the army, about 213,000 men would be reduced under the resolution by enlistment expiration to 150,000 by next December."

### AMERICAN NURSES TO AID IRELAND

(By The Associated Press)  
NEW YORK, Jan. 14.—American nurses who are organizing a unit to provide medical aid in Ireland, announced today their plans to continue the work as a receipt of a cable message, from Eamon de Valera, president of the Irish Republic, declaring monetary aid is needed more than medical.

The message received was sent to Dr. Gertrude E. Kelly, of New York, in reply to one addressed to Arthur Griffith, Sinn Fein founder, announcing the nurses' plans.

The organization now under way comprises more than 100 nurses, many of whom served with the Red Cross during the war.

## SECRETARY OF WAR INSTRUCTED TO STOP RECRUITING TROOPS

Pass Resolution Over the Protest of Majority  
of Military Affairs Committee—General

Pershing Also Objects and Fixes Minimum  
Limit at 200,000 Men for Regular Army

(By The Associated Press)  
WASHINGTON, Jan. 14.—Over the protest of the majority of its military affairs committee the senate today passed a resolution directing the secretary of war to cease army recruiting until the size of the regular army is cut down to 150,000 men.

Senator Phelan, Democrat, California, after the adjournment of the senate notified Vice President Marshall that he would ask the senate tomorrow for a reconsideration of the vote on the ground that the senate had not been fully informed concerning the objections of General Pershing and Secretary of War Baker to the reduction.

Should Senator Phelan in his endeavor to bring about reconstruction the resolution will go to the House. Chairman Wadsworth of the military affairs committee, did not ask for a roll call on the resolution because the Senate a few minutes before by a decisive vote of 34 to 28 adopted a portion of the military affairs committee just before the convening of the Senate objected to any serious cut in the size of the army. General Pershing suggested 200,000 as the minimum limit.

### Pershing Objects to Reduction.

This vote was taken after General Pershing and Secretary of War Baker, at an executive session with the military affairs committee just before the convening of the Senate objected to any serious cut in the size of the army. General Pershing suggested 200,000 as the minimum limit.

Senator New, Republican of Indiana, a member of the military affairs committee, who introduced the original reduction resolution, declared that he did not consider the 150,000 limit either expedient or safe, while Chairman Wadsworth expressed opposition to what is a very drastic reduction of our military establishment.

Senator Dial, Democrat, of South Carolina, asked if the number of officers was affected and the chairman responded that the "only way to discharge officers is by death or court martial for dishonorable conduct or bad debts. Several amendments regarding the application of the reduction were adopted the most important of which would require the War department to maintain all services on an equal basis equivalent to 53 1-2 per cent of the total strength in each branch contemplated by existing army reorganization statutes. Another would authorize the discharge of any enlisted man upon his application if approved by the secretary of war. Committee estimates were given the Senate that the present size of the army, about 213,000 men would be reduced under the resolution by enlistment expiration to 150,000 by next December.

The pouch said to have contained the \$80,000 was shipped from Chicago by way of the federal reserve bank at St. Louis. Federal officials investigating the matter refused to discuss it.

## Would Operate Muscle Shoals Nitrate Plant

(By The Associated Press)

WASHINGTON, Jan. 14.—The bill creating a government corporation—to operate the Muscle Shoals, Ala., and other federal nitrate plants was passed today by the senate. It now goes to the house.

The vote was 34 to 29, the measure being passed with the aid of a few Republican votes. Radical changes were made in the bill by the senate as reported originally from the agriculture committee and it now goes to the house, where its future is uncertain.

As passed by the senate the nitrate bill would create a government corporation with \$12,500,000 capital stock owned by the government and managed by a board appointed by the president under jurisdiction of the treasury department. The senate today adopted amendments placing the board under the treasury instead of the war department because, Senator Wadsworth, Republican, New York, said it could be operated better by civilians than by army officials.

The bill also would require

the nitrate corporation to issue bonds up to half of the expenditures of the government in construction of the nitrate plants and for full value of hydro-electric installation at Muscle Shoals if taken over by the corporation. The corporation also would be required to earn five per cent interest in these securities under penalty of ceasing operation to await further dispensation from congress. Properties which the corporation is authorized in a senate bill to take over, are said to have cost the government about \$100,000,000 during the war.

Before the vote on passage of the bill, the senate twice rejected attempts to recommit the measure.

It rejected 23 to 26 a motion by Senator Poinsett, Republican, Washington to return the bill to the military committee for consideration of the arguments that it would add the government in time of war. A similar motion by Senator Tamm, Republican, Michigan, for recommitment to the agriculture committee was 5 to 29.

## Future Markets Are Necessity To Grain

(By The Associated Press)

WASHINGTON, Jan. 14.—Existence of future markets for speculation is a necessity in the grain trade, the house agricultural committee was told today by representatives of the Chicago Board of Trade, who appeared in opposition to legislation proposing regulation of the exchanges.

"Exchanges cannot function without speculation," declared Joseph P. Griffin, president of the Chicago Board of Trade. "All commodity prices inevitably fluctuate unless monopolized."

"Hedging" he declared, helped the public by narrowing the dealer's profit, thus increasing the price paid to the producer and decreasing the cost to the consumer.

Prices for wheat are fixed by the laws of supply and demand, James E. Boyle, professor of agricultural economics at Cornell University testified. Prices for grain on the Chicago Board of Trade in a general way "reflect the supply and demand factors and meet the correct market test"

point approaching the pre-war figure.  
Persons who are regretting the increased cost of gas and electricity have the remedy for their difficulties in their own hands. Economy in the use of both of these commodities can be practiced and without great inconvenience at that.  
**VOTE IN THE SCHOOL ELECTION TODAY**  
The special school election today merits your attention. The proposal is for the issuance of \$135,000 in bonds to complete the high school building. The board of education has quoted the contractors as saying that there will be no other course for them but to stop work if the board of education is unable to provide the money for the remaining part of the work.  
It is for this reason that the board has pointed to the fact that an emergency exists and that the bonds must be voted if the high school building is to be made available by next year.

**THEIR BIG PROBLEMS**  
Delegates to the convention of the Illinois Agricultural association in Chicago this week will represent 85 counties in Illinois and 106,000 farmers. This is not

the entire strength of the organized farm movement because there are a number of county farm bureau members who are not identified with the state association.  
Topics of real interest to the men interested in agriculture and live stock were presented. It developed that the things of most importance which the farmer must consider are production and marketing.  
The farmer's investment in equipment forms a very small percentage of his invested capital. For that reason the matter of the co-operative buying of the things that the farmer uses is of very great importance by comparison with the production and selling ends of his business.

**THE FIRE LOSS INCREASE.**  
The report of the state fire marshal for the past year is not encouraging, since it shows the property loss from fires much larger last year than was true in 1919. This condition exists notwithstanding the fact that for years past there have been continued educational campaigns with the purpose in view of lessening fire risks and damages.

However, it must be taken into account in considering the fire loss figures that property values increased considerably in 1920. While the figures may show a greater loss, it is entirely likely that the total amount of property destroyed is not greater.  
**A STUDY OF CONDITIONS.**  
If you consider the economic conditions of the present day there is no denying the inequality that exists. The prices in some commodities have receded to the pre-war figure, other prices remain practically unchanged, and reports show that in general the price level is nearly 60 per cent above that of 1914. Commenting upon this situation, the Washington Star says:

"Manufacturers and merchants have sacrificed prospective profits and in many instances have endured serious losses, in order to move stocks of goods. If manufacturers were able to create new stocks and merchants to replenish their shelves at the lower levels which their sacrifices would soon be forgotten and the country would be on its way to a sounder if less hectic prosperity. But, unfortunately, in a discouraging proportion of cases they are not able to do this. They find that in many of the markets where they must buy war-time price levels are being maintained, and, with that

the child once burned is said to have of the fire, they are holding back from buying.  
"For the situation as it now exists the economic doctors are not as eager to prescribe as they were a few months ago. The 'don't buy' remedy has thrown the patient into the expected fit, but apparently fits are not so easily cured as they had thought. As a matter of fact, America, in common with the rest of the world, is afflicted with an unprecedented malady, and about the most that can be expected of the doctors is that they will provide palliatives for symptoms as they become aggravated. No cure-all remedy has been or is likely to be found. The healing will be slow as the disease runs its course, but in America, at least, the business body is organically sound, and however great the present distress there is no reason to fear that recovery will not be complete."

### Rippling Rhymes By Walt Mason

**The Knowing One.**  
If I had John H. Milton's harp, my brow in wreaths arrayed, I'd sing an ode about the sharp who truly knows his trade, be it the boning of a carp, or fitting of a spade. Mine workmen tried to fix my bill, but which had been his wrongs; for days I saw them with my fust, the while their bill grew long, and I could only weep and cuss, when scheduled for a song. They held an inquest on my cart that as of little use; they took the motor all apart, and pried the crankshaft loose, to find out why things wouldn't start when they applied the juice. And when their greasy toll was done, the boat was just the same; the whatabout wouldn't run, the thimblebob was lame; and it had taken all my mon to pay them for their game. They might have made good auctioneers, or coroners, or clerks; they might have won out herding steers, or preaching in the kirks; but they were lemons, it appears, among a motor's works. And then came workman Number Ten, when those nine jays were gone; yea, one of nature's nobleman came skipping up the lawn; he came to earn an honest yen and did so help me John. He was a man of pay and sense, a workman skilled was he, and in an hour he banished thence the grief that spoiled my gloe, and my old car would jump a fence or climb a banyan tree.

**HELD PROFITABLE SESSION AT JUNIOR HIGH**  
The Parent-Teacher association of the Junior high school held a session Friday night. Mrs. W. D. Roberts, chairman of the association, presided. Mrs. H. C. Woltman opened the program with the singing of two songs which were greatly appreciated by the large company present. Sup. H. A. Perrin gave an informal address in which he discussed various Junior high school problems and outlined what it is the purpose to accomplish in this school.  
Mrs. Roberts presented some facts taken from the leaflets sent out by the state parent-teacher association. The chairman also related some interesting experiences of the past summer in Colorado. During the social hour refreshments were served.

**MURRAYVILLE LODGE INSTALLS OFFICERS**  
Members of Eastern Star held afternoon session Thursday—New Officers Installed.  
Murrayville, Jan. 14—The members of the Eastern Star met this afternoon for the regular business session and installation of officers. The meetings are usually held at night, but because of the special services in progress at the M. E. church, it was decided to hold an afternoon session. A very fine supper was served, cafeteria style, and this feature of the occasion was especially enjoyed. Mrs. Ruth Thompson Fuller was the installing officer and Mrs. Ruth Robinson was the marshal. At the close of the exercises, Mrs. Fuller was presented a very handsome bouquet of flowers.  
Guests of honor were: Rev. J. C. Bell and wife; Prof. Faust and wife, of Chicago. Other guests were the families of the members and Mrs. Joseph Stevens of Roodhouse. At the close of the session all went in a body to the M. E. church to attend the revival service.

The newly installed officers are:  
Worthy matron—Mrs. Iva Short.  
Worthy patron—C. R. Short.  
Associate matron—Miss Mildred Wright.  
Treasurer—Mrs. Fannie Sooy.  
Secretary—Mrs. Ruth Robinson.  
Conductress—Mrs. Mabel Walker.  
Associate conductress—Mrs. May Cade.  
Chaplain—Mrs. Jennie Clark.  
Marshal—Mrs. Carrie Strang.  
Warden—Mrs. Guy Smith.  
Sentinel—Warren Wright.  
Pianist—Mrs. Lydia White.  
Aids—Miss Helen Rouse.  
Ruth—Mrs. Clara Solomon.  
Esther—Mrs. Ruth Thompson Fuller.  
Martha—Mrs. Hattie Daniels.  
Electa—Mrs. Mary E. Wright.

**SERVICE IS GREAT WORD ROTARIANS ARE TOLD**  
W. E. Persons of Peoria, Made Address at Friday Luncheon—Fifty Dollars Given to Famine Relief Fund.  
W. E. Persons of Peoria, was the principal speaker at the Rotary club luncheon Friday. Mr. Persons talked about the various forward movements and the increasing tendency toward public service as shown in the Rotary club movement. He defined service as one of the greatest words in the English language and impressed the fact that all things are possible where people work together unselfishly and in a co-operative way.  
At the conclusion of his address the Peorian referred to the Near East and central European relief campaigns, which are now in progress and especially deserving of support.  
Rev. M. L. Pontius, president of the club, explained briefly what is being done in Morgan county for the funds and the club voted a subscription of \$50. Attention was called to the school board election today and all members of the club were urged to vote. It was the statement of a member of the board of education that all work upon the building must cease until next year, unless the bonds are authorized.

Harmony Lodge No. 3 A. F. & A. M. will hold a special meeting this evening at 7 o'clock. W. O. R. K. Visiting brethren welcome.

**Funerals**  
Duffy.  
Funeral services for Frank R. Duffy were held Friday morning. The remains which were brought here from Chicago, were removed from the undertaking parlors of J. H. O'Donnell to the Church of Our Savior. The service was held there at 8:30 o'clock in charge of Rev. Father Formzz. Interment was in Calvary cemetery. The buriers were: Edward Keating, John J. Ferry, Frank Kelly, Frank Kiloran, P. J. Lonergan and Joseph Kelly.  
Mr. Duffy was thirty-five years of age and resided in this city until about fifteen years ago, when the family moved to Chicago. There the decedent for a long period held a position with the board of education. Many local people greatly regretted to learn of his death. Mrs. P. J. Duffy, mother of the decedent, and his sister, Miss Flavia, accompanied the remains to Jacksonville.

**WINCHESTER WOMAN INJURED BY FALL**  
Mrs. Earl Nelson Falls Down Basement Stairs Friday Afternoon—Charles Morrow Dies in East St. Louis—Other Winchester News.  
Winchester, Jan. 14—Mrs. Earl Nelson met with an accident Friday afternoon about 5:30 o'clock which might have proven very serious. While descending the basement stairs at her home she caught her heel and fell to the bottom. Her husband found her in an unconscious condition and Dr. Fletcher was called at once. Later Mrs. Nelson regained consciousness and late Friday night was resting as comfortably as could be expected. It was found that no bones were broken but there were a number of bruises and minor injuries.  
Mrs. Herman Smith received word Thursday of the death of her sister husband, Charles Morrow, of East St. Louis. The deceased was at one time a resident of Winchester and has many friends in the community. No particulars were given.  
The funeral of little Velma A. base Boes will take place Saturday afternoon at 1 o'clock from the home of the parents, Mr. and Mrs. Rudy Boes, north-west of Winchester. Rev. Corrie officiating.  
Mrs. Dovie Burrus is confined to her home with an attack of rheumatism.  
Dr. F. A. Norris of Jacksonville, was a professional visitor here Friday.  
Herbert Shibe has purchased the Sweet Bros. garage and also the property of Grant Coutas in the northeast part of town.

PHONOGRAPHS AND RECORDS

## Critical Music Lovers Prefer The Brunswick

It is always a certain friend, an enthusiastic one, we find, who hears The Brunswick and then compares it.

The ear is quick to appreciate its superior tone; the eye is quick to note its finer cabinet work, and the mind is quick to reason out why Brunswick is a final type instrument in every way.

The Brunswick method of reproduction has brought new standards in Phonographic art—better tone, truer tone. Tones hitherto lost are now ever present.

Every hearer is convinced. That is the reason for the great popularity. That accounts for The Brunswick winning such headway in a field where limits were supposed to have been reached.

Since The Brunswick came, they all say "Plays all Records"—but just you find out how they do it and then investigate The Brunswick way.

## A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give speedy satisfaction or money refunded.

## 1921 INCOME TAX FACTS YOU SHOULD KNOW

In computing net income, a deduction for business expense or a disbursement or charge must have certain qualities in order to be allowed. It must relate to a trade, business, profession, or vocation "carried on" by the taxpayer in which he invested time and money for the purpose of a livelihood or profit. A single transaction or a series of isolated transactions do not ordinarily constitute trade or business. A business is being carried on by its owner, even though all its activities may be conducted by employees.

A taxpayer may carry on more than one business or trade if he devotes sufficient time and attention to each enterprise, and may claim as deductions the business expenses of each. Mere investment of capital, however, is not sufficient to allow such claim. For example, a manufacturer buying stock in a mine or oil well who desires to visit the scene of operation may not claim as a deduction the cost of his journey.

The deduction must be a "business expense" and not an "investment of capital." Amounts expended for the erection of new buildings, installation of machinery, and the purchase of tools or implements of permanent value do not constitute business expenses, being merely a change in the form of capital and not a reduction of wealth. Expenditure for property which is used up in the course of the year may be deducted as a business expense.

## Salary Deductions.

The law provides for the deduction as a business expense of "a reasonable allowance for salaries or other compensation for personal services actually rendered." Such claims are subject to careful scrutiny by the Bureau of Internal Revenue, and to be allowed must conform strictly to the wording of the statute. The test of deductibility is whether the amounts paid are reasonable, and whether they are in fact, purely for personal services. Reasonable compensation is held by the bureau to mean only such amounts as would ordinarily be paid for like services by like enterprises in like circumstances.

Claims for deductions for salary payments are allowed only when the compensation is "for services actually rendered," and for no other consideration. For example, should stockholders of a corporation draw salaries in amounts which bear a close relationship to their stock holdings, and if such payments are found to be in excess of a reasonable allowance for services rendered, the excess would be regarded as a distribution of profits under the guise of salaries.

## Complete Returns Required

Each year's returns, both as to gross income and deductions therefrom, should be complete in itself, and taxpayers are expected and required to make every reasonable effort to ascertain the facts necessary to make a correct return. Expenses, liabilities, and deficits paid or incurred in 1919 or prior years for which no deductions were claimed in the return for those years can not be included in the 1920 return. Losses by theft or embezzlement sustained in one year and dis-

## Feet Drag?

When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance, when aches and pains rack the body, it is well to look for symptoms of kidney trouble.

## Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. They relieve backache, rheumatism, pains, stiff joints, sore muscles.

W. W. Wells, Tannum, Mich., writes: "I got great relief from taking Foley Kidney Pills. I am on my feet most of the time and get tired out. After taking Foley Kidney Pills, they make me feel like a new man. I recommend them to my customers and never have heard of any case where they did not give satisfaction."

covered in another are deductible only for the year of their occurrence. If a taxpayer discovers a loss sustained in a prior year, he may render an amended return for that year and file a claim for refund of the excess tax paid by reason of his failure to deduct such loss in his original return.

Claim for deductions for "personal, family, or living expenses," which are expressly disallowed by the revenue act, are not infrequently found in the returns. Such expenses include rent paid for a home, wages of servants, cost of food and clothing for the family, education of children, cost of upkeep of automobile used for pleasure or convenience, and all items connected with the maintenance, well-being, and pleasure of the taxpayer and his family.

## FLINN FOUND GUILTY IN COUNTY COURT

The Flinn case which has been on hearing in the county court for the past two days came to a close shortly after 5 o'clock Friday afternoon. The jury returned a verdict finding the defendant guilty. Argument for the prosecution was made by Mr. Templeman of Springfield and then Mr. Butler, attorney for the defense, waived his right of argument. This under the law barred State's Attorney Robinson from making the closing address.

The case was therefore submitted to the jury several hours earlier than if the usual procedure had been followed. This waving

# You Want to See

all you can when you go to California this winter. So does everybody else. Therefore the Burlington has inaugurated a new service through Scenic Colorado and The Land of The Mormons, by way of the D. & R. G. and Western Pacific, which gives its patrons the biggest scenic treat it is possible for a transcontinental trip to contain. And, the schedule is arranged so that the most important points are passed in daylight. It takes a little longer to go this way, but it costs no more, and when you have been thrilled by the fascination and grandeur of the scenes along this route you will say there's no route like the Burlington through the West.

You don't want to be disappointed about getting space when you are ready to go. Therefore, just as soon as your date of departure is fixed, be sure and let me know.

## FAILURE ON FREE THROWS LOSES GAME

Jacksonville On Short End of  
 Score in Overtime Battle—  
 Woods Makes One Basket Out  
 of Seven Tries.

Griggsville, Jan. 14.—Griggs-  
 ville defeated Jacksonville high  
 at basket ball here tonight in an  
 overtime game by a score of 13  
 to 9.  
 At the final whistle the score  
 was nine, all but in the five  
 minute overtime period Griggs-  
 ville managed to negotiate two  
 baskets.  
 Jacksonville should have won  
 the game in the regulation time  
 had Woods been able to find the  
 basket on free throws. In seven  
 tries at free throws he was able  
 to score but one counter.  
 The small floor also was a

## TAKES CARE OF 5 CHILDREN

Mrs. Taylor's Sickness Ended  
by Lydia E. Pinkham's  
Vegetable Compound

Roxbury, Mass.—"I suffered con-  
 stantly with backache and was often  
 despondent, had  
 dizzy spells and at  
 my monthly pe-  
 riods it was al-  
 most impossible to  
 keep around at  
 my work. Since  
 my last baby came  
 two years ago my  
 back has been  
 worse and no posi-  
 tion I could get in  
 would relieve it,  
 and doctor's medi-  
 cine did not help me. A friend recom-  
 mended Lydia E. Pinkham's Vege-  
 table Compound and I have found  
 great relief since using it. I keep  
 house and have the care of five children  
 and I am very thankful I have found  
 Lydia E. Pinkham's Vegetable Com-  
 pound such a help. I recommend it to  
 my woman suffering as I was before I  
 used it."—Mrs. Mary E. Taylor,  
 5 St. James Place, Roxbury, Mass.  
 "Backache is one of the most com-  
 mon symptoms of a displacement or  
 derangement of the female system.  
 No woman should make the mistake  
 of trying to overcome it by heroic en-  
 durance, but profit by Mrs. Taylor's  
 experience and try Lydia E. Pink-  
 ham's Vegetable Compound."

## The Economy of Buying Our Guaranteed Rubber

Long wear, long life, long  
 service.  
 It is cheaper to buy one  
 2-year Hot Water Bottle or  
 Fountain Syringe for \$2.50  
 than it is to buy three low-  
 grade articles at \$1.00 each  
 —and which may not wear  
 six months.  
 A good piece of rubber will  
 wear well and keep its  
 stretch. It is a safe article—  
 not likely to spring a leak  
 when in use.  
 The reason our guaranteed  
 rubber goods are so good is  
 that they are all rubber.

## RED CROSS COMMITTEE CHAIRMEN NAMED

Executive Officers Held Meeting  
 Friday Night—Report of Home  
 Service Work Made.  
 The regular monthly meeting  
 of the executive committee of the  
 Jacksonville Red Cross chapter  
 was held last night at the public  
 library. Miss Arthur, the new  
 secretary, was present and gave  
 a report of the home service sec-  
 tion for the month of December.  
 Chairmen of various committees  
 were named by Chairman H. J.  
 Rodgers, and other routine busi-  
 ness given attention. It was vot-  
 ed to subscribe the sum of \$100  
 toward the Near East and Central  
 European relief fund.  
 The report presented by Miss  
 Arthur indicated that during the  
 month of December 81 ex-ser-  
 vice men were assisted with their  
 claims against the government,  
 and that aid was given in 31 pen-  
 ding cases. The Red Cross has al-  
 so aided in the securing of loans  
 and Victory buttons for ex-sold-  
 iers and in various other ways  
 has been of assistance to them. The  
 work has not been confined to the  
 ex-servicemen themselves but has  
 also extended to their families and  
 several cases were disposed of.  
 Assistance was given in securing  
 the discharge of a 19-year-old boy  
 from the army because he was  
 greatly needed to aid in the sup-  
 port of his aged parents. Aid  
 was given another family pending  
 the receipt of their first check  
 from the government. A mother  
 and four dependent children were  
 included in this family and the as-  
 sistance was greatly needed.  
 Committee chairmen named as  
 follows:  
 Home service committee—Mrs.  
 Ernest Stout.  
 First aid—Dr. F. A. Norris.  
 Junior Red Cross—Supt. H. A.  
 Perrin.  
 Finance—H. M. Capps.  
 Publicity—C. T. Mackness.  
 Nursing committee—J. J. Kel-  
 ly.  
 Other appointments will be  
 made at a later date.

## FARM RESIDENCE CAME NEAR DESTRUCTION

Timely discovery prevented a  
 fire in the residence of William  
 Douglas west of Franklin Thurs-  
 day. When Mr. Douglas returned  
 home from a neighboring farm he  
 found that one of the children had  
 struck a match in a closet and that  
 clothing had been ignited.  
 One of the children had the  
 good judgment to close the closet  
 door and so the flames had no  
 spread much. Mr. Douglas was  
 able to extinguish them before  
 great damage had been done, altho  
 the contents of the closet were de-  
 stroyed.

## ROUTT HIGH BOWS TO OLYMPIC TEAM

Defeated By Visitors By Score of  
 13 to 9—Hunt Men Too Light  
 for Opposition.

Routt high met defeat at the  
 hands of the Olympic Speed Boys  
 of Springfield in Liberty hall Fri-  
 day night, the final score being  
 13 to 9.  
 The Olympians were too heavy  
 for the Routt players and won  
 thru their superiority rather than  
 by better playing. The game  
 was marked by many personal  
 fouls by the players of both  
 teams, G. Blauvelt being sent to  
 the side lines for committing  
 four personals.  
 For Routt, J. Zell and Mande-  
 ville did the scoring and played  
 an excellent game against their  
 heavier opponents. Woulfe,  
 Gwin, Carson and R. Zell played  
 a good defensive game. Costello  
 was sent in the game in the last  
 quarter and also played a good  
 game.  
 For Springfield, Call, G. Blau-  
 velt and Bridges did the scoring  
 while Conway and C. Blauvelt did  
 some strong guarding. The game  
 was witnessed by a large crowd  
 and the spectators were kept in  
 a high state of excitement thru-  
 out. The score:

**LEONARD DEFEATS  
 RICHIE MITCHELL  
 IN SIXTH ROUND**  
 (Continued from Page 1)  
 seconds indicating that he was all  
 right. The house was in an up-  
 roar as the sudden turn of affairs  
 had taken everybody by surprise.  
 Both sparred carefully until the  
 sound of the gong.  
**SECOND ROUND:** Leonard  
 shot left and right to Richie's  
 face which was bruised from the  
 blows he received in the opening  
 session. Benny landed a left to  
 the head but Mitchell staggered  
 him with a right hook and Leon-  
 ard sparred carefully. Just at  
 the bell Leonard hooked his right  
 hand to the side of Richie's head.  
**THIRD ROUND:** Mitchell's  
 right eye bothered him while he  
 was in his corner but he came up  
 gamely. Leonard landed a left  
 hook on the face and Richie's  
 most dropped him with a terrific  
 right cross to the jaw. Benny  
 jabbed left to the face and wind  
 and ducked away from another  
 wicked right. A left hook from  
 Leonard to Richie's face sent the  
 western boy to the ropes. Leonard  
 missed a right for the head but  
 hooked his left to the jaw and  
 they were sparring at the bell.  
 Mitchell's seconds kept working  
 on his injured eye during the in-  
 termission.  
**FOURTH ROUND:** Mitchell  
 missed a right for the head and  
 Benny hooked left and right to  
 the face. Benny landed a hard  
 left on the head eye and hooked  
 his right to the face and another  
 to the stomach. Mitchell kept  
 horing in but he was sent back  
 with left and right to the face.  
**FIFTH ROUND:** Benny hook-  
 ed a left to head and right to  
 body and ducked safely from a  
 right swing. Benny blocked  
 most of Richie's leads and kept  
 jabbing at the injured eye.  
 Richie landed a straight left to  
 the nose just before the bell.

## SORE THROATS NEED PROMPT ATTENTION

While diphtheria is by no  
 means epidemic in Jacksonville,  
 there are a number of cases in  
 evidence and conditions are such  
 that City Health Warden Dr. A.  
 M. King is advising the public to  
 give special attention to all cases  
 of sore throat. The health ward-  
 en advises persons who find them-  
 selves afflicted with sore throat  
 to take no chances and to con-  
 sult a physician.  
**HAD ECZEMA  
 FOR TWO YEARS**  
 InForm of Ringworm. Could  
 Not Rest. Cuticura Heals.  
 "Eczema began in the form of a  
 ringworm. It was first below my  
 knees and then spread  
 above my knees, and itched  
 awful bad. I could not  
 sleep nor rest. Anything  
 that touched it caused it  
 to itch.  
 Then I heard of Cuticura Soap  
 and Ointment and decided to try them.  
 When I had used one box of Cuticura  
 Ointment and two or three cakes of  
 Cuticura Soap I was healed." (Signed)

**LEONARD DEFEATS  
 RICHIE MITCHELL  
 IN SIXTH ROUND**  
 (Continued from Page 1)  
 seconds indicating that he was all  
 right. The house was in an up-  
 roar as the sudden turn of affairs  
 had taken everybody by surprise.  
 Both sparred carefully until the  
 sound of the gong.  
**SECOND ROUND:** Leonard  
 shot left and right to Richie's  
 face which was bruised from the  
 blows he received in the opening  
 session. Benny landed a left to  
 the head but Mitchell staggered  
 him with a right hook and Leon-  
 ard sparred carefully. Just at  
 the bell Leonard hooked his right  
 hand to the side of Richie's head.  
**THIRD ROUND:** Mitchell's  
 right eye bothered him while he  
 was in his corner but he came up  
 gamely. Leonard landed a left  
 hook on the face and Richie's  
 most dropped him with a terrific  
 right cross to the jaw. Benny  
 jabbed left to the face and wind  
 and ducked away from another  
 wicked right. A left hook from  
 Leonard to Richie's face sent the  
 western boy to the ropes. Leonard  
 missed a right for the head but  
 hooked his left to the jaw and  
 they were sparring at the bell.  
 Mitchell's seconds kept working  
 on his injured eye during the in-  
 termission.  
**FOURTH ROUND:** Mitchell  
 missed a right for the head and  
 Benny hooked left and right to  
 the face. Benny landed a hard  
 left on the head eye and hooked  
 his right to the face and another  
 to the stomach. Mitchell kept  
 horing in but he was sent back  
 with left and right to the face.  
**FIFTH ROUND:** Benny hook-  
 ed a left to head and right to  
 body and ducked safely from a  
 right swing. Benny blocked  
 most of Richie's leads and kept  
 jabbing at the injured eye.  
 Richie landed a straight left to  
 the nose just before the bell.  
**SIXTH ROUND:** Leonard

**ANNOUNCING**  
 A Big Reduction  
 in Prices  
 Our invoice is now completed, and we have made a big CUT  
 IN PRICES to meet the demands of the public, for economy in  
 expenses. All experts in the business world, those who study  
 the business thermometer, predict higher prices when the  
 spring buying starts, owing to the closing down of many mills  
 and reduced production by others of late.  
**It Is Safe to Buy Now**  
 We are receiving new goods daily, which were bought at lowest prices. The  
 early buyer will receive the full benefit from our foresight.  
 Complete assortment of Rugs, Draperies, Nets, Lace Curtains, Shades, Furni-  
 ture, Stoves, Linoleums, Etc., Etc., we now offer at lowest prices. Our prices will  
 convince the most skeptical.  
 This is the Place and Now is the Time to Buy

in the city on business yesterday.

**STOP THAT COUGH**  
The obstinate cough that settles  
in the throat, with a gathering of  
phlegm, is dangerous, especially  
to children. You can stop the  
cough and remove the cause of the  
trouble with one dose of Glessco,  
which relieves croup in fifteen  
minutes, without vomiting. It stops  
cough by carrying the offending  
mucus right out of the system. At  
all druggists in 50c bottles.

"I was so nervous I couldn't  
sleep and got awfully weak and  
rundown, couldn't get my bow-  
els to move unless I took strong  
laxative medicine and felt per-  
fectly wretched all the time," says  
Mrs. Minnie Curtis, who lives at  
1043 West Cerro Gordo St., De-

"I have now finished one bottle  
of Dreo and feel so fine I hardly  
recognize myself. I sleep like a  
top and my bowels move as regu-  
larly as clockwork. My nerves are  
quieted and I am lots stronger in  
every way. I have a splendid ap-  
petite and enjoy everything I eat."

When the bowels fail to act  
regularly the food, lying in the  
stomach, decomposes, causing  
poisons and gas to form, the blood  
sucks up these poisons and that is  
the beginning of many diseases.

Rheumatism, catarrh, dizzy  
spells, spots floating before the  
eyes, headaches, pains all over the  
body and weak kidneys, indigestion  
are some of the common results of  
poor elimination of waste matter.  
Dreo, the herbal system purifier,  
acts very promptly to correct these  
troubles.

All druggists now sell Dreo  
and it is being especially intro-  
duced in Jacksonville by Coover  
Drug Co. and J. F. Shreve—Adv.

SUNDAY SCHOOL WORK  
PASSES IN REVIEW

Still Greater Emphasis Laid on Possibilities of Future at Conference Held Friday.

Superintendents of Sunday schools and others interested in this branch of church work met at Grace church Friday, E. J. Schofield, county president, presided. The program which continued thru the day was of both interest and value. J. S. Findley presented a summary of the county association finances and W. H. Crum gave a review of the association work. Mr. Crum said:

"Perhaps there are some things we have not done that we ought to have done. I can tell you one thing we have done: we have let Sunday schools die. I know of one school which used to have an attendance of over a hundred, but which is now out of existence. You say it is the fault of the people in the community; but perhaps the county association is also to blame.

"But we must look also on the bright side. We have encouraged the Sunday schools in this county to train the children to know God and the things of God. We have taught them in the knowledge of the Bible. Mr. Crum spoke of the children's meeting at Northminster church last Saturday, at which some children displayed good knowledge of the Bible and cited it as an example of good teaching in the Sunday school. The next speaker on the program was Miss Lora Petefish, who was to tell what the association is doing in the present. She told of the work of the association in the various schools, and then called upon Mrs. Charles Hooper, county superintendent of the home department, who explained how the Sunday schools might be kept alive and even started, through the work of her department. She invited those present to the annual meeting of the department of the county which will be held the first Monday in April at State Street church.

Mr. DePew Made Address. Mr. DePew outlined the work as follows: The co-operative plans for Sunday school promotion now operative between the Sunday school association system, the denominational Sunday school boards and the new Sunday school council of America, by which the standard organization for a state county or precinct association corresponds to the organization of the local Sunday school with: 1, executive department; 2, business department; 3, children's division; 4, young peoples division; 5, adult division; 6, educational division; 7, administration division. The state association should have at least one full time worker for each of these while the county and precinct should each have a voluntary worker; for each Illinois has four of these workers now employed and others will probably be added at the Champaign convention in June.

To finance this work it takes about 10 cents per year for each member, including cradle roll and home department of all Sunday schools of Illinois. One-half the amount for state and the other for county work. These plans were adopted at the state convention in Jacksonville last June and the county convention in Woodson in September adopted a total budget of \$500 for the year. Each Sunday school is asked to contribute at least 10 cents per every enrolled member and the difference between what the Sunday schools contribute, and the \$500 of the budget is to be raised by personal contributions under the direction of Mr. Carl H. Weber, the county business superintendent, assisted by a local business superintendent in each precinct. Morgan county was one of the best counties in Illinois in 1917 and 1918 to see whether these plans would work and in each of these years raised more than this quota.

The service program of the precinct association was explained and the basis for the quota of the county budget for each precinct was given.

Looking to the Future. The meeting was then turned over to Rev. W. H. Marbach, who spoke on "What Our Association is Going to Do." He said in part:

"There are no doubt many things which our association ought to do. As I began to think over what I should say this afternoon, my mind went back to the origin of the Sunday school, and I thought of Robert Baker and his work among the street children of London. The first Sunday schools were started mainly to pluck brands from the burning and save them from sin. The respectable children of clergymen parents were not included in its program. However, it soon became evident that the Sunday school was a good thing for the child also. At first the Bible was made central, and the child's personality.

Social music was an attractive feature of the program. A male quartet consisting of J. Wade Souff, Spoons sang two songs, "Love Rev. E. E. Bracewell, Rev. C. H. Graves of Springfield and Rev. W. F. Lifford of London. The first Sunday school was started mainly to pluck brands from the burning and save them from sin. The respectable children of clergymen parents were not included in its program. However, it soon became evident that the Sunday school was a good thing for the child also. At first the Bible was made central, and the child's personality.

The program was preceded by a luncheon served by the ladies of the church, at which at least thirty-five people were present. Following is a list of those who attended the meeting. County President Fred J. Schofield, Rev. W. H. Marbach, Rev. W. E. Spoons, Rev. D. V. Gowdy, Rev. C. H. M. Graves, J. Wade Souff, Rev. A. A. Todd, Arthur Swain, J. H. Reid, T. M. Tomlinson, S. H. REBEKAHS INSTALLED

Impressive Ceremonies Marked Induction Into Office — Retiring Noble Grand Miss Joyce Estaque and Miss Fern Haigh Honored.

Jacksonville lodge No. 13 Rebekahs installed officers at the regular meeting held Friday night in Odd Fellows Temple East State street. The installation ceremonies in charge of Miss Joyce Estaque were of an impressive nature and carried out in a highly creditable manner. Miss Estaque is retiring from her second term as Noble Grand of the lodge and Matthew Minter in appropriate remarks presented her with a beautiful basket of roses the gift of her parents. Mr. Minter spoke especially of the excellent work done by the lodge during the past year under Miss Estaque's leadership. Mr. Minter then presented Miss Fern Haigh with a bouquet of flowers, the gift of the lodge. Miss Haigh is one of the leaders in lodge work and the speaker referred in highly complimentary terms of her zeal and fidelity to the order. Both made brief responses.

Following the business session and installation a social hour was enjoyed during which refreshments were served. The installing staff was as follows: Deputy Grand Marshal—Joyce Estaque. ALEXANDER S. S. CONTEST CLOSES

"Blues" are winners in Contest Just Closed and are Entertained by "Reds"—Program and Banquet Marked Close of Contest. Alexander, Jan. 14.—A banquet served at the M. E. church here tonight marked the close of a spirited contest which has been in progress in the M. E. Sunday school for the past ten weeks. The "Blues" with Miss Harriet Erickson as the captain, were the winners and were entertained by the "Reds," of whom the captain was Miss Wanda Willets. An interesting program preceded the banquet, which was served in the basement of the church. The rooms were very handsomely decorated, red and blue being the reigning colors. The banquet menu was a fine one and included a great variety of good things to eat.

The program opened with prayer by the pastor Rev. J. R. Cheuvront and this was followed by a brief address by the minister. The remainder of the program was as follows:

Song, "United Reds and Blues"—Choir. Recitation—Minnie Wiley. Talk, "How can we make our new member one of us?"—Supt. Miss Katherine H. Kaiser. Talk, "What can the new members do for the Sunday school?"—Will Elmore. Recitation—Ben Beerup. Dialogue—Three boys, Robert Elmore, Floyd Douglas Beerup and Burleigh Davenport. Talk—Miss Harriet Erickson. Talk—Miss Wanda Willets. Song, "The Work We Are Doing"—Choir. Brief address—Fred W. Neal. Some excellent musical numbers were rendered by a male quartet including Alvin Black, Fred W. Neal, C. E. Keenan and Luther Wiley.

The attendance and membership records of the Sunday school give ample proof of the good effects of the contest. The attendance has grown in a very gratifying manner, the highest figure for any one Sunday being 175.

SERVICES AT PISGAH PRESBYTERIAN CHURCH Sunday services at Pisgah Presbyterian church Sunday will be held as follows: Sunday school at 9 o'clock. Dr. Thomas W. Smith will preach at 3 o'clock. Mrs. Helen Brown Read will sing.

French Club Met at Academy Hall. The French club of Illinois College, held a meeting yesterday afternoon at Academy Hall. The meeting opened by the singing of the Marseillaise and the members also practiced another new French song. The other part of the program was a play in which the actors pretended they were traveling in France. Conversations between the "voyagers" and the baggage men, discussions of the relative merits of the first, second and third class carriages, things seen thru the car windows and many other typically French situations took place. "En France." After the program excellent refreshments were served.

Afternoon Tea at Home of Mrs. G. C. Guthrie. Members of Mrs. G. C. Guthrie's circle of Westminster Ladies Aid were entertained at an afternoon tea yesterday by Mrs. G. C. Guthrie at her home on Park street. While the event was really of a social nature, it afforded the women an opportunity to become better acquainted with Mrs. Thomas Smith, the new pastor's wife. Plans for the coming months were also discussed in an informal way. Altogether it was a most pleasant afternoon gathering.
